Projects

Be A Maker Club
Redesigned a site for a 3D-modeling educational organization that allows users to more easily access the site's content and provided them with strategies for learning 3D-modeling.

Ginger Roots
Designed and prototyped a mental health app for teens, tailored to teen-browsing habits and competencies.

Experience

Project Coordinator | TRANSPORTATION MEDIA
August 2019-October 2020

-Orchestrated client-designer relations to keep site builds on schedule, resulting in a 50% increase in completed sites from fall of 2019 to February of 2020.

-Administered and consistently met weekly deliverables to meet production schedule for efficient delivery to customers, raising customer satisfaction.

Editorial Cartoonist | THE BOLD ITALIC
August 2018-October 2020

-Told compelling stories through beautiful illustrations and gripping copy—speedily enough to meet deadlines—resulting in 150 weekly views.

-Researched obscure Bay Area attractions, regularly corresponding with the editor-in-chief to ensure consistency with The Bold Italic's house style.

Art Dept. Assistant, Designer | TRANSPORTATION MEDIA
June 2017-August 2019

-Consistently designed an average of 100 ads weekly with design software, meeting print-deadlines and raising productivity by 13% deprtment-wide.

-Implemented new product archiving system which improved product searchability, saving art department staff an average of 1 hour per day.

-Fielded an average of 80 customer design correspondences weekly, with duties including design questions, billing and payment information, and print schedules.
